

FDW-VA

Protective conduits

Special protective conduit helix for the medical-, sensor technology and the beam wave guide technology

Temperature: -200°C ... +600°C

Material: stainless steel

IP class [acc. to EN 60529]: IP 40

CHARACTERISTICS:

- Properties: flexible
- temperature resistant
- widely resistant to solvents and chemicals

APPLICATIONS:

- Application: opto-electronics / medical technology / beam wave guide technology / technical endoscopy / measuring instruments / sensor technology
